## PERSONAL PROJECTS

---

### • Car Rental System Using Java And OOP

*A java and oop concept based car rental system which allow users to track car rental details*

- This system aims to simplify and automate the process of renting cars.
- The application will be designed to handle various aspects of car rental management, including car inventory management, customer management, rental transactions, and administrative functions.
- Technology Used: Java, OOP Concept and used Java Array-List to store data

### • Portfolio Using React Js

*Developed a personal portfolio website using React.js to showcase my skills, projects, and professional experience*

- Built a responsive portfolio website using React.js, demonstrating expertise in React fundamentals and hooks.
- Integrated interactive animations with the AOS (Animation on Scroll) library for enhanced user experience.
- Leveraged React Icons to create visually appealing and intuitive design elements.

### • Airbnb Clone Website Using Node Js

*Developed an Airbnb clone website using Node.js and Express.js, property listings and booking functionality*

- Developed an Airbnb clone using Node.js and Express.js, implementing core modules, middleware, and Express routing for efficient server-side operations
- Utilized EJS (Embedded JavaScript) for dynamic templating and applied the MVC architecture to ensure clean and maintainable code.
- Integrated features like user input handling, request redirection, and responsive user interface to enhance functionality and user experience.
- Technology Used: Javascript, Nodejs, Expressjs , Sql

## EXPERIENCE

---

### • Elite Softwares - Pune

Jun - 2023 Dec -2023

*Full Stack Web Developer Intern*

Hybrid

- Developed Web Applications: Utilized HTML, CSS, Bootstrap, and Javascript with React Js to build dynamic websites.
- Collaborated with Team Members: Worked effectively with team members to develop and deploy customized client solutions.
- Participated in SDLC: Gained comprehensive understanding of the Software Development Life Cycle (SDLC) by contributing to a company project.

## RESPONSIBILITY / ACHIEVEMENTS

---

### • Event Organizer - GHRIEM, Pune

November - March 2023

- Organized seminars and collaborated with a team to actively engage students in events. Helped to attract close to 120+ attendees to the event.
- Assisted in managing bootcamps related to coursework, ensuring seamless coordination & participant involvement

## CERTIFICATIONS

---

### • C And C++ Certification

### • Object Oriented Data Structures Coursera

### • React Js And Node Js Certification
